Re: Order Requiring Installation of Measuring Devices

Dear Mr. Baxter:

Enclosed is a Department order which requires you to install measuring devices on all of your diversions from the Bear River. The order also allows for watermaster control over your headgates and controlling works. Please note that the measuring devices, and controlling works if necessary, must be installed on or before May 10, 1992.

Please contact this office if you have questions concerning this matter.

Sincerely,

Tim Luke
Hydrologist In Training
Water Allocations

cc: Eastern Region
Pete Peterson, District 11 Watermaster - Bear River
